“Libra Light” is a beautiful few spot leopard gelding with remarkable extension and suspension in his gaits. Both his sire and dam have been a perfect pair for making excellent Dressage and sport horses with wonderful dispositions. Libra Light is a real “sweetie” who is a dream to work with. His intense groundwork has consisted of longeing, long-lining, driving and free-schooling. He has been saddled and bridled. Now that he has completed two breeding seasons before being gelded, he is moving on with riding. Libra Light offers a special opportunity to take this showy sport-horse type Appaloosa to the place of your dreams. **\$2500**
