For those who love the Appaloosa disposition and don't care about contrasting color, "Rimba" may be the perfect answer. A sociable gelding, he will win your heart and those of your friends with his sweet disposition. He likes people and other horses. He "goes with the flow", longes and free-schools well, and has been saddled. His conformation and fluidity reflect his star-studded performance pedigree. His vaccinations and other health care needs are up to date. He would be sold with a current negative Coggins test.
